### How drivers charged with alcohol-related offenses often end up overpaying on auto insurance:

- #1** After a DUI or DWI charge, many states require an SR22 or FR44 be filed by a driver's insurance company.
- #2** Drivers reach out to their current auto insurer to request an SR22 or FR44 filing.
- #3** The insurance company will usually comply, but flag the account for review at next renewal.
- #4** At renewal, insurance rates can skyrocket, as many insurers may not want "high-risk" drivers as customers.

## Three ways Breathe Easy helps DUI/DWI clients save on SR22 insurance:

**INSURANCE UNDERWRITERS** – most drivers have never heard of many of the leading non-standard (high-risk) insurance companies. Breathe Easy agents work with the right companies to provide low rates even after a major driving incident.

---

**PRICE SHOPPING** – Breathe Easy can instantly comparison shop the best rates from leading non-standard insurers saving time and stress.

---

**TRAINING** – Breathe Easy’s agents specialize on SR22 insurance. They are trained in license reinstatement requirements and can help guide your clients to drive again faster, easier and more affordably.
